

Mid-Level Environmental Engineer or Scientist

Location: Torrance, California

An opening exists for an experienced Mid-Level Environmental Engineer or Scientist in our Torrance office, with ability to lead technical work and manage projects. The position includes working on a variety of challenging environmental compliance, permitting, emission inventory, modeling, and auditing projects for facilities located in the western United States and gulf coast.

Candidates must demonstrate ability to review and understand complex environmental regulations related to one or more of these project areas, and have proven experience managing clients and delivering quality work products.

About the Company

Davenport Engineering, Inc. is a full service environmental consulting firm located in Torrance, California, with expertise in the areas of air, water, waste, hazardous materials, climate change, and energy. Our clients include businesses in the petroleum, industrial gas, chemical, manufacturing, food, and aerospace industries. Our company has a reputation for employing hands-on, hard-working engineers and scientists, and for developing well rounded employees.

We are a team of 20+ professionals who share a passion for meeting our clients' environmental compliance and reporting challenges. We embrace the philosophy of "total engineering" whereby we are empowered to manage all aspects of the job – project quality, budget, and schedule; training and personal development – and we are rewarded for success accordingly. We take pride in having a fun, flexible, friendly, and supportive workplace.

Our Torrance office is home to a large group of environmental professionals, with hands-on training and project opportunities related to some of the most complex regulations in the country.

Qualifications

Candidates should have a B.S. in Chemical Engineering, Environmental Science, Chemistry, or related discipline, and 5+ years of environmental work experience. Individuals who are self-motivated, detail oriented, well organized, effective at meeting deadlines, and who thrive in a fast-paced team environment are well suited for this position.

Ideal candidates will have strong Excel skills and excellent professional references. Proven written and oral communication skills are essential. If you are confident in your abilities, but looking for more challenge and reward in the environmental service industry, consider Davenport Engineering, Inc.

Benefits

Current benefits include a retirement savings plan with company match; medical, dental, and vision insurance; short-term and long-term disability insurance; paid vacation and sick leave; paid holidays; performance-based bonuses and spot awards; flexible work schedules (hybrid work-from-home, seasonal 9/80); and various company team building and professional development events.

Inquiries

Davenport Engineering, Inc. is an *Equal Opportunity Employer*. All qualified candidates will receive equal consideration. For more information or to express interest in this position, please contact Administration Manager Joanne Ordinario at (310) 787-4600 or joanne.ordinario@davenport-co.com.

Notice
